President Boese asked if there are any reports from the Past President. Past President Bob Sides presented Past President Darrell David with a plaque and gavel in appreciation of of his dedication to CSASMC.

President Ron Boese asked for any Unfinished Business. Discussion was held on the Show Bike Class. It was thought that if it was broken into classes, there might be a possibility that there will be more participants. It was determined that the new President come up with some classifications for the Show Bikes along with a score sheet to compete with this year. It will then be discussed at the next Mid Winter Meeting for any changes or additions.

President Boese called for New Business. Discussion was held on having Units outside CSSA be allowed to compete and be awarded a trophy. During Competition in 2006, a Unit from El Chagall competed and won a trophy. This was allowed with the blessing of Richard Dorbeck, President of CSSA. CSSA will be asking all Texas Temples to join in all activities including Competition. It was determined that if CSSA invites Shrine Temples outside CSSA to participate and possibly violate their own By Law, we as a subordinate Association should follow their instructions. It was determined that we will allow any other Unit outside CSSA to participate in our Competition and be awarded any awards earned, as long as they pay their appropriate dues to CSASMC and proper registration fee to CSSA.

Discussion was held on the consolidation of classes. A motion was made and seconded to allow the President some discretion in consolidation if there are only two Units registered in a class as to whether they will be consolidated according to classes that they would best fitted for. A vote was taken and the motion carried.
